Shamrock Matriculation School  
CGPA - 7.85

### CERTIFICATION

Master in Software Application at  
**Apollo Computer Education Ltd.**

### PROFILE SUMMARY

Highly motivated and versatile Full Stack Developer (Fresher) with a strong foundation in building scalable web applications. Proficient in both front-end and back-end technologies, including HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. Experienced in creating responsive user interfaces and RESTful APIs, ensuring efficient performance and seamless user experiences.

### PROJECT

#### Project - 1

##### Actodo:(Task Management App React.js, MongoDB,CSS)

- Developed a user-friendly to-do list application implementing "Act, Track, and Done" principles.
- Used React for dynamic component-based UI and MongoDB to store user data securely.

#### Project - 2

##### Weather App:(React.js,OpenWeather API,CSS,HTML)

- Built a weather forecasting app using React to fetch data from the OpenWeather API.
- Implemented location-based weather updates and interactive features for an engaging user experience.

#### Project - 3

##### Login Page:( React.js,Node.js,Express, MongoDB,CSS,HTML)

- Created a secure login system with backend validation using Node.js and Express.
- Integrated user authentication, session management, and password encryption for data safety.

#### Project - 4

##### Bulk Mail Application:(React.js,MongoDB,CSS,HTML)

- Designed a bulk email sender app that connects with MongoDB for efficient message management.
- Enabled functionalities for sending, managing, and tracking emails with an interactive interface.

### SOFT SKILLS

**Communication:** Strong Communication with the ability to explain technical concepts clearly

**Teamwork:** Strong team player with a history of successful group contributions.

**Adaptability:** Quick learner and flexible to adapt to changing technologies and project need

**Problem-Solving:** Proactive in identifying and resolving complex issues.Analytical thinker,capable of troubleshooting and resolving complex challenges
